Valerie Streeter	<i>Stormwater Planner</i>	Tulalip Tribes
Merita Trohimovich	<i>Engineer</i>	City of Tacoma

A special thank you to Garry Anderson, AnderDesigns, who created several illustrations in the 2007 handbook that have been adapted for this edition.

Table of Contents

INTRODUCTION

What is a rain garden.....	2
How rain gardens enhance our natural environment and quality of life	3
Rain gardens as part of the overall approach to low impact development.....	4
Rain gardens provide multiple benefits.....	5
Four stages to create & sustain a rain garden.....	6
Recommended timeline to install a rain garden.....	8

1 PLAN

How to get started.....	10
Where to locate your rain garden	11
Where not to locate your rain garden.....	12
Check site drainage.....	14
Test your soil.....	15
Determine the size of your rain garden.....	18
Rain garden sizing chart	20
Rainfall regions for western Washington.....	21-22
Determine the shape of your rain garden	24

2 BUILD

Prepare for construction.....	26
Locate and design the inflow.....	27
Always provide an overflow.....	27
Rain garden cross section.....	28
Layout.....	29
Excavate	30
Constructing the overflow containment area	36

TIPS

Look for these boxes with helpful tips and information throughout the handbook.

TOOLS & MATERIALS CHECKLIST

These checklists are provided to help you gather the tools and materials you may need in each stage of creating your rain garden.

LOCAL AND STATE REQUIREMENTS

This box reminds you to check, during the planning process, for local stormwater management requirements that may apply to your project.

Building a rain garden with vertical sidewalls.....	38
Create a flat, level bottom.....	39
Install the inflow.....	40
Place the rain garden soil mix.....	41
Protect the inflow and overflow.....	41
Edging.....	42
Mulch.....	43

3 PLANT

Prepare to landscape your rain garden.....	46
The benefits of plants.....	47
Planting zones.....	47
Landscaping guidelines and suggestions.....	48
Sample planting plans.....	52

4 MAINTAIN

Keep the water flowing.....	58
Minimize exposed soil and erosion.....	58
Provide routine maintenance.....	59
Maintenance checklist.....	63
Troubleshooting guide.....	65

APPENDICES

Appendix A: Plant List.....	A-1
Appendix B: Other Resources and Websites.....	B-1
Appendix C: Introduction to Washington State Department of Ecology's Requirements for Rain Gardens in Western Washington.....	C-1
