

IN HONOR OF THE 50TH EARTH DAY  
SCD PRESENTS THE FIRST

# ***YOUTH EARTH DAY CHALLENGE***

We are challenging kids of all ages to think of their favorite place to go. It can be a movie theatre, their house, a family farm, etc. The sky's the limit. They will then make a drawing, painting, or model made of recycled materials of their favorite place.

After building their favorite place we're challenging kids to make it a green building. Green buildings are areas that are designed to have smaller environmental impacts. They can add solar panels, add rain barrels, a rain garden and more. We ask kids to make **3 green and 1 fun** improvements to their favorite place!

**YOUTH EDUCATORS WILL POST GREEN BUILDING RESOURCES  
AND EXAMPLES ON THE SCD WEBSITE AND FACEBOOK  
THROUGHOUT THE CHALLENGE (APRIL 13TH-24TH).**

***WINNERS WILL BE ANNOUNCED MAY 1ST***
